The New Projects Meeting provides an opportunity for developers to introduce a project idea to DPS staff, and receive preliminary feedback. Representatives from the Allen County Highway Department, the Allen County Surveyor's Office, AquaSource, Incorporated and the City of Fort Wayne Water and Sewer Department may also be present for an informal review and to help identify any infrastructure challenges the developer may face before the project gets underway.

Call 449-7607 to schedule a New Projects Meeting time with staff. We ask that you provide a minimum amount of location information to be routed to interested agencies prior to the meeting. We would prefer to have a conceptual plan to route for review, but it is not necessary. Meetings are confidential.
